- He continues to serve on the Governor's Committee for Human and Ethical treatment of animals and serve on Senator Bradley's legislative committee seeking to strengthen animal cruelty laws.

## DISCUSSION:

Chairman Wood stated with regards to the recent event in Parkland Florida, has the Department thought there will be a need for more School Resources officers.

Chief Rondeau replied that this has come up in past discussions among both the Governor Wentworth School District and Brewster Academy and feels it will probably be the future of the schools to have armed security and this is a nationwide issue. He stated it is the Department's issue to be proactive and are always discussing ways to do that and train for such situations. He stated that it is also the public's responsibility to be proactive and watch for warning signs and report unusual behavior.

Chairman Wood agreed that the community also has to be mindful of its surroundings and situations and come forward if there is any questionable behavior, concerns or issues.

Chief Rondeau agreed and the School Resource Officer is a great resource and open to assist when needed, he stated that the Government is looking at changing the way schools operate and doing things differently than they had to do twenty years ago, it's a different world.

Commissioner Goodgame stated that it doesn't have to be a Police Officer to report to, it can be a trusted adult and suggested that the School Resource officer also offer some help in understanding this within the classes at the school.

Chief Rondeau agreed that is a great idea and will discuss that with the SRO to do something within the school classes such as Social Studies and extend the offer to Brewster Academy as well.
