**Pierce Camp Birchmont
693 Governor Wentworth Highway
Lake Wentworth
Standard Dredge & Fill
Tax Map #182-11**

The applicant proposes to replace four 4'x40' docking structures with four new aluminum 4'x40' seasonal lift docks and construct four 2'x7' concrete anchor pads and four 2.5 SF concrete winch support pads.

The Wolfeboro Conservation Commission noted no objection to the Pierce Camp Birchmont Standard Dredge & Fill application, Tax Map #182-11.

**William Iannazzi
Fawn Haven Drive
Standard Dredge & Fill
Tax Map #231-33**

The applicant proposes 375 SF of stabilization fill for a proposed house on a lot with Town sewer and Town water along with a 60 SF path to access a proposed gazebo on and an upland "island".

Referencing the William Iannazzi Standard Dredge & Fill application, Tax Map #231-33, the Conservation Commission feels a least impacting alternative would be to decrease the width of the house or move the house forward; noting the latter would require ZBA approval due to impact to the front setback.

Respectfully Submitted,
Lee Ann Hendrickson
