

**TOWN OF WOLFEBORO
CONSERVATION COMMISSION
DREDGE & FILL MEETING
January 8, 2018**

Members Present: Dan Coons, Chairman, Lenore Clark, Vice-Chairman, Ed Roundy, Brian Gifford, Gail Antonucci, Members.

Chairman Coons opened the meeting at the Town Hall Annex Conference Room.

**David & Carol McCulloch
96 Townsend Shore Road
Lake Wentworth
Minimum Impact Expedited
Tax Map #224-2**

The applicant proposes to make necessary repairs to an existing boat ramp and docking structure.

The Wolfeboro Conservation Commission noted no objection to the David & Carol McCulloch Minimum Impact Expedited application, Tax Map #224-2, as submitted.

**David Davidson
171 Kingswood Road
Lake Winnepesaukee
Standard Dredge & Fill
Tax Map #250-14**

The applicant proposes to remove navigation hazards from lake bottom within boatslip and approach to the docks & boathouse; 3.72 CY to be removed within a 435 SF area.

Referencing the David Davidson Standard Dredge & Fill application, Tax Map 250-14, the Wolfeboro Conservation Commission understands the applicant's wishes to remove the subsurface rocks in the docking area. However, we note that the removal of boulders from jurisdictional waters carries with it other issues regarding disturbance of the lake bottom and its effect on the benthic community, as well as issues creating an increased likelihood of allowing invasive species to gain a foothold.

Respectfully Submitted,
Lee Ann Hendrickson
