

To all Wolfeboro Residents,

Thanks to the support from the town, the Wolfeboro Agriculture Commission is up and running. We have a strong commitment from all the present board members. We have organized, and we are now focusing on our mission to support Agriculture in Wolfeboro. One of the tasks we have is to inventory all the agricultural activities in the town. This letter is to request anyone who is engaged in any kind of agricultural endeavor, from raising a few chickens, managing a tree farm, raising livestock, vegetables or producing any kind of product, e mail me at haines@worldpath.net, Sarah Silk at sms@metrocast.net, phone Ann Marble at Town Hall 569-8161 or contact any other member so we can include you on our list. We are not interested in how much you sell, but we would like to be able to determine what activity is taking place, how many acres, or part thereof, are devoted to agriculture.

We ask you to please fill in the attached information sheet and return it with your electric bill. If you bank electronically, please E mail us the information or drop it off at Town Hall. If you have any questions, please include them in your e mail or call.

Thanks for your continued support.
