Opening round: Eli Roxby, Dick Byrd, Linda Murray, Barry Muccio, Paul O'Brien, John Byers, Nancy Hirshberg, Susan Fuller, Jim Nupp

Minutes from January 31, 2020, Accepted

Updates from subgroups

Energy Efficiency, John Byers and Nancy Hirshberg met with Jim Pineo about how to implement

How do we support with energy tracking; Focus on 10-12 major facilities,

Portfolio Manager-we already have an account but the data is not up to date.

Charette for towns employees-Jim suggested coming to a department heads meeting

Transportation-Jim Nupp

Bus service

Survey from UNH-exploring

Electric school bus and charging station from VW settlement grants

Dick connecting with CENH about; Can we have a copy of electric grid to know where 3-phase-75 pages

Report Conversation on Municipal Solar with Jim Pineo: see separate report

MED develop-becomes a micro generator

Or by department

MED is negotiating for next PPA due to decreased rates at this time. Considering offering RECs  
Funding for Service Benefit Charge, batteries, with unrestricted funds which is at a very healthy amount

Can MED invest in off shore wind rather than buying RECs

Nancy presents on Renewable Energy Credits

Discussion about value of RECs vs. investing in renewable more directly

Go Forward to create a Wolfeboro Saves program

Next Steps

Doug talking with Barry this morning about renewable energy

Decision about RECS and customer choice-needs to be made quickly

Barry will talk with Mayhew ASAP to clarify benefits of REC-does it drive adding new renewables.

New contract in 6 months

Form a sub committee to look at Systems Benefit Charge

Earth Day Proclamation  
CENH Membership-Barry will pay for  
Notify Amy about meetings

Happening Movie

Closing round

Next meeting
