

## **WOLFEBORO WATERS COMMITTEE**

September 26, 2023,

### **Minutes**

:

**Present:** Rich Masse, Kathy Barnard, Art Slocum, Libby Peard, Abby Adams, Julie Brown Brad Harriman, and Linda Murray

**Absent:** Warren Muir

Chair Murray called the meeting to order.

The Chair Murray introduced Joshua Stackhouse, LEED Green Associate, Stormwater Consultant, Contech Engineered Solutions LLC to explain the stormwater options for the Public Safety Building project.

Joshua Stackhouse handed out pamphlets on The Stormwater Management StormFilter, Filtera High Performance Bioretention and Jellyfish Filter Stormwater Treatment. Josh explained how each system addresses stormwater nutrients such as phosphorus.

Chairman Murray asked each member whether they supported moving forward with recommending the Jellyfish Filter to the Town Manager and Board of Selectmen

Rich: Yes, for Jellyfish filter.

Kathy: Yes, for Jellyfish filter but is concerned about the cost.

Art: Yes, for the Jellyfish filter

Libby: Want more guidance but yes.

Linda: Yes, Jellyfish filter and will look for more funds.

Abby: Yes, for the Jellyfish filter

Julie: Will need to find the money. Yes, for Jellyfish and then the Filtera system.

Brad: Yes, for the Jellyfish filter but it will cost more and there will be a need for redesign.

Attached to these minutes is the pamphlet on Jellyfish filter.

Respectfully submitted,

Linda T. Murray
